Re: Arizona State Archery Association
Equipment Lending Program

The Arizona State Archery Association (ASAA) as part of the USA Archery community is committed to the support of target archery outreach, training and competition. The ASAA offers its tournament equipment, including over 70 targets and stands to others to host archery events. A use fee is collected to fund equipment repair and replacement.

The equipment is located in central Arizona and a day's transport to Southern California, Nevada, Utah, Colorado and New Mexico.

Organizations, clubs and individuals are invited to contact the ASAA to check on availability and schedule equipment use.

For more information contact:

Bob Pian at azjoad@cox.net , 602-228-0465.

Sincerely,

A handwritten signature in blue ink, appearing to read "Bob Pian".
