More:

Thursday:

All should be sure to arrive in time to practice for a couple of hours on Thursday. Practice sessions move slowly, you will need a couple of hours to get comfortable. Also there is a lot of "visiting" that goes on at the practice range. Two hours turns into four quickly in Vegas.

Friday:

First 300 round. The schedule will indicate the time your group competes. Arrive at least 30 minutes early to set up and get ready. Since only one 300 round is shot per day, there is a lot of time to sight see and visit all Vegas has to offer.

Archery Show:

The archery vendor show is fantastic. It's a great place to see all there is to see, bows, sights, stabilizers, arrows, string material, accessories. There are usually some good sales and giveaways.

High speed video: For the last five years, super slow motion taping via high speed video has been offered. Release, arrow flight clearance, follow through can all be seen in great detail. Hopefully the taping will be offered again.

Shooters receive free entry into the vendor show, but non-shooters will need to buy a "guest" badge" that is good for the whole tourney. Buy it ahead when you register. It costs more at the door.

Lectures:

There are a variety of lectures on many different topics, review the schedule early and attend a few.

Saturday:

The second and last 300 round for youths. Check the early schedule and arrive early. The awards ceremony usually takes place mid day. Plan on attending the award ceremony to get into the official photo.

Sunday:

The adults continue to compete. Families are free to enjoy Vegas and then travel back home.

Where: World Archery Festival at the Riviera Hotel and Casino in Las Vegas, Nevada. Many will want to stay at the Riviera for convenience. There is an abundance of lodging options nearby. Note that the Vegas Strip is known for traffic jams. Allow sufficient time for travel.

Weather: Weather in Vegas in February is similar to the weather in the Arizona Desert.

How:

- The event is ideal for ride and room sharing.
- Register for the tournament: Information will be on www.nfaa-archery.org The NFAA age divisions are different from the NAA categories. Review the age and equipment, division and descriptions.
- Make hotel reservations: Be sure to arrive on Thursday to take part in practice.
- Car Travel: Many will want to travel by car. It takes about 6 hours to drive from central Arizona, assuming no road delays. When traveling to Nevada, Arizonans gain an hour because of the time change.

- **Air Travel:** Some will want to fly. Vegas is very easy to get around without a car. A one-way taxi ride between the airport and the Riviera is about \$20 each way. (The exciting adult championship takes place. Sunday afternoon; schedule a late flight if you want to watch it.) Note that Sunday evening airline flights are often behind schedule.
- **Equipment:** Get your equipment ready. You will need at least 3 arrows to complete. Six is recommended, as robin hoods are common. Check the bow from tip to tip to make sure all is in good order. Replace anything that is in question. Note that there is no dress code to speak of, BUT matching Arizona JOAD club team shirts look cool.
- **Practice:** All will be competing at 18 meters, about 20 yards. Practice as much as you can.

How much: Travel, lodging, food, and World Archery Festival registration fee. There is also the expense of missing a day and a half of school. Based on the feedback AZJOAD receives every year, the expense is worth it for the entire family.

Why: JOADs will see what its like to compete in a National Tournament. Arizona Club member teams will compete in a Statewide Arizona JOAD Club competition. The Vegas shoot is an ideal goal for youth archers and their family.

Rules and procedures:

The goal of the team competition is to award the club that encourages the most youth archers to compete in the Vegas World Archery Festival as well as the club with the best competitors. The scoring is based on a combination of the number of competing club member plus the score of the club's top compound and recurve archers.

- **Team list:** Each Arizona JOAD club must submit a list of their competing club team members, including bow type and category, before the tournament scoring begins. Club members must be Arizona residents. A youth can only compete for one team at a time. See attached form to be submitted to Steve and/or Linda.
- **Age limit:** Team competitors must compete in the youth division or be no older than 18 years old at the end of the year if they compete in an adult division.
- **Number of club team members:** Each club may bring as many team members as they wish.
- **5 bonus points** will be awarded for each listed team member who shoot both the Friday and Saturday tournament rounds.
- **Scores:** The individual scores used to determine the Team Championship shall be as published by the tournament, plus the bonus points.
- **Team Championship determination method:**
Each Clubs highest three 600 round member scores, including at least one recurve archer's score plus the bonus points determine the Arizona JOAD club team score. The totaled team scores will determine the 1st, 2nd and 3rd place team. Ties will be settled per the World Archery Festival, non shoot-off method. Each Team Leader shall fill out a Team Score Tally and deliver to Steve and/or Linda after Final Youth Scoring.

Reminder: Each club that took home the traveling trophy last year is responsible to bring the trophy back to Vegas to be awarded again!
